

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA

JUNE 3, 2021

This matter comes before the Public Service Commission of South Carolina (“Commission”) on the Joint Application of Charter Fiberlink SC-CCO, LLC and Time Warner Cable Information Services (South Carolina), LLC (“Joint Applicants”) for designation as Eligible Telecommunications Carriers (“ETC”) in the State of South Carolina for certain service areas. These certain service areas comprise the eligible census block(s) that have been provisionally awarded to the Company as a winner in the Rural Digital Opportunity Fund (“RDOF”) Phase I auction (“Auction 904”) through the RDOF Phase I support by the Federal Communications Commission (“FCC”).

The Joint Applicants seek designation as ETCs pursuant to Section 214(e)(2) of the Communications Act of 1934, as amended (“Communications Act”),¹ and Section 103-690 of the South Carolina Code of Regulations (“Regulation(s”)). The Joint Applicants’ receipt

¹ 47 U.S.C.A. § 214(e)(2).

of RDOF support is contingent, in part, on receiving ETC designation from the Commission by June 7, 2021.

As part of their ETC Application, the Joint Applicants request waiver of Regulation 103-690.C.(a)(1)(B), regarding submission of a two-year plan, and Regulation 103-690.1.B.(b)(1), regarding updates to the two-year plan. The Joint Applicants also request waiver of Regulation 103-690.C.(a)(5), regarding an affidavit acknowledging that the FCC may require Joint Applicants to provide equal access to long distance carriers in the event no other eligible telecommunications carrier is providing equal access within the service area. The Joint Applicants further request waiver of Regulation 103-690.C.(b) to the extent it would prohibit designation as an ETC in an area smaller than a wire center and request expedited consideration of this matter and waiver of the formal evidentiary hearing.

Upon review of the Joint Application and all of the supporting documents submitted by the Joint Applicants, and for the reasons explained in this Order, the Commission concludes that the Joint Application and certain Regulation waivers should be approved and that designation of the Joint Applicants as ETCs on the terms provided in this Order would serve the public interest. The Commission further concludes that it would serve the public interest to approve the Application and designate the Joint Applications as ETCs for their specific service area comprised of the eligible census blocks that have been provisionally awarded to the Joint Applicants as winners in Auction 904.

I. BACKGROUND

On January 30, 2020, the FCC established the RDOF plan to ensure continued and

rapid deployment of broadband networks to unserved Americans.² RDOF will commit up to \$20.4 billion over ten years to support the availability of high-speed networks in rural areas of United States. The FCC released the RDOF Closing Public Notice³ on December 7, 2020, announcing the conclusion of Phase I of Auction 904. Phase I committed up to \$16 billion over the next ten years.

The Joint Applicants filed their verified Joint Application for designation as ETCs on January 6, 2021. As directed by the Commission, notice of the filing of the Joint Application was published and proof of publication provided to the Commission on January 28, 2021. The South Carolina Office of Regulatory Staff (“ORS”) is a statutory party in this matter. See S.C. Code Ann. § 58-4-10(B) (Supp. 2020). No comments or petitions to intervene were received in response to the notice. All interested persons have been afforded an opportunity for a hearing, as required by S.C. Code Ann. § 58-9-280(B), Section 1-23-320(a) of the South Carolina Administrative Procedures Act, and constitutional due process. Proceeding without a formal hearing in this matter would serve the public interest in administrative efficiency.

On May 13, 2021, a Stipulation entered into between the Company and the ORS was filed with the Commission ("Stipulation"). The Stipulation recommends that the Company be designated as ETCs in accordance with the terms of the Stipulation. A copy of the Stipulation is attached hereto as Order Exhibit A. The Joint Applicants filed the direct testimony of Michael A. Chowaniec in support of the Joint Application on March 9,

2021, and provided verification of his direct testimony on March 15, 2021. ORS filed the direct testimony and exhibits of Christopher J. Rozicki on April 2, 2021. The Joint Applicants were assigned a winning bid for 11,936 eligible census blocks as identified in Exhibits A and B to the Joint Application,⁴ which is attached as a consolidated Order Exhibit B. The Commission held oral arguments on March 15, 2021, regarding the Joint Applicants' request for expedited review, requesting that the Commission waive a formal hearing and approve the Joint Application and requested waivers. ORS did not object to the request for expedited review of the Joint Application and requested waivers conditional upon the executed Stipulation. Having considered the record before it, the Commission finds that it is sufficient to make a final determination in this matter and that the interests of judicial economy are served by waiving the formal hearing and granting expedited consideration.

II. ANALYSIS

Section 214(e)(2) of the Telecommunications Act authorizes state commissions to designate common carriers that meet the applicable requirements as ETCs. 47 U.S.C.A. § 214(e)(2). Regulation 103-690 provides that the Commission will fulfill its responsibility

⁴ On May 21, 2021, the Charter Entities filed a letter and Motion for Leave to File Under Seal and for Confidential Treatment (a/k/a "Motion for Confidential Treatment") with the Commission which included, as part of their filing, a confidential list identifying certain RDOF-awarded census blocks in South Carolina that had been submitted to the FCC for modification of the list of awarded census blocks. On June 2, 2021, the Chief Hearing Officer Directive No. 2021-70-H was issued and filed in this Docket. Thus, consistent with the Stipulation and Commission Directive Order No. 2021-70-H, once the FCC provides the Joint Applicants with its modified RDOF awarded census block list under the Phase I auction for South Carolina, the Joint Applicants shall provide notice of same to the Commission and ORS. The modified list would then be public and available to the Commission to update its files to reflect the RDOF census blocks that constitute the ETC designated areas granted to the Joint Applicants in this Docket. Also, as stated by the Joint Applicants, at the time that the Joint Applicants provide the above-stated notice to the Commission and ORS, Attachment A to the Joint Applicants' Motion for Confidential Treatment (filed on May 21, 2021) would no longer need to be maintained in confidential form and under seal. Attachment A to this Motion is a list of certain awarded census block groups assigned to the Joint Applications through the Auction 904, which were subsequently identified for relinquishment and recently submitted to the FCC.

to designate common carriers as ETCs, and establishes the requirements that an applicant must meet in order to be designated an ETC for the purpose of receiving federal universal service support pursuant to Section 214(e) of the Telecommunications Act. See, 47 C.F.R. § 214(e) (West) and S.C. Code Ann. Regs. 103-690 (2012).

As demonstrated in the Joint Application, the Verified Testimony and the Stipulation, the Joint Applicants satisfy all the relevant requirements for designation as ETCs specified in Sections 254 and 214 of the Communications Act and Regulation 103-690. For participation in the RDOF program the Joint Applications are common carriers as defined by 47 U.S.C.A. § 153 (11), and will offer all the voice and broadband internet services supported by federal support mechanisms either using its own facilities or combination of its own facilities and resale of another carrier's services, and advertise the availability of its offerings and charges through media of general distribution. See, 47 C.F.R. § 153 (11) (West). The Joint Applicants have:

- certified that they it will comply with the service requirements;
- demonstrated their ability and commitment to remain functional in emergency situations;
- demonstrated their commitment to satisfy applicable consumer protection and service quality standards, including annual certification of their compliance and reporting of consumer complaints in accordance with Regulations 103-690.C(a)(3) and 103-690.I.B(b)(4), S.C. Code Ann. Regs. 103-690.C(a)(3) & 103-690.IB(b)(4) (2012);
- demonstrated that the Joint Applicants are financially and technically

capable of providing the service;

- demonstrated that they will provide local usage plans comparable to the incumbent local exchange carriers already operating in the area; and
- committed to comply with applicable federal and state reporting requirements including, but not limited to, submitting reports regarding unfulfilled service requests under Regulation 103-690.1.B.(b)(3) and other annual reports required by Regulation 103-690.1. S.C. Code Ann. Regs. 103-690.1 (2012).

Additionally, in accordance with 47 C.F.R. § 54.101(d) and Regulation 103-690.1.E, the Joint Applicants will offer voice and broadband internet access service to low-income customers in their RDOF designated service areas. See, 47 C.F.R. § 54.101(d) (West) and S.C. Code Ann. Regs. 103-690.1 (2012).

Considering these factors and others, the Commission determines that it is in the public interest that the Commission grant the Joint Applicants ETC designation for the purpose of providing voice and broadband internet access services.

III. FINDINGS OF FACT AND CONCLUSIONS OF LAW

1. The Joint Application, pre-filed testimony and Stipulation are accepted into the record without objection.

2. Since this matter is uncontested, ORS does not oppose the Joint Application and waivers, and the Joint Applicants otherwise meet the requirements for ETC designation as described below, expedited review should be granted.

3. The Joint Applicants meet all federal and state requirements for ETC

designation as ETCs in the proposed RDOF areas where they seek designation, with the exception of those requirements for which waiver is requested and specifically granted, as included herein.

4. The Commission grants the Joint Applicants' request for a waiver of the requirement to file a two-year plan describing proposed improvements or upgrades to their network. The Commission may waive a rule or regulation where circumstances indicate that a waiver is appropriate, upon a finding that such waiver is not contrary to the public interest. In lieu of filing the two-year plan provided for in Regulation 103-690.C.(a)(1)(B), the Joint Applicants shall make available to the Commission and ORS all reports they are required to file with the FCC in connection with the RDOF Phase I funding for the ETC designated service areas, as described above. The Joint Applicants shall provide ORS with estimated timelines for the census blocks they propose to serve. We conclude that providing the referenced reports to the Commission and to ORS provides a well-defined yardstick by which to measure the Joint Applicants' progress towards the availability of voice and broadband service in the RDOF designated areas and is therefore an acceptable alternative to the two-year plan filing requirement.

5. The Commission also grants a waiver of Regulation 103-690.C.(b) to the extent it would prohibit designation of the Joint Applicants as ETCs in an area smaller than a wire center. As described above, the FCC has established a mechanism to ensure the deployment of voice and broadband to unserved areas based on a granular analysis at the census block and location level to target funding to such areas. We agree and conclude that if the Commission were to deny the ETC designations the Joint Applicants request at the census block level in order to obtain available federal funding to serve the funded areas,

those areas likely would remain unserved. Therefore, it is in the public interest to grant a waiver of the portion of Regulation 103-690.C(b) that prohibits designating an ETC service area smaller than an entire wire center in order to allow designation of the Joint Applicants as ETCs at the census block level as described herein.

6. The Commission waives the equal access requirement of Regulation 103-690.C.(a)(5), which requires an applicant to acknowledge that the FCC “may require” it to offer equal access to long distance carriers. The Commission’s ETC regulations generally track the corresponding federal ETC regulations, and equal access is no longer a requirement under the FCC’s universal service rules, previously existing under 47 C.F.R. § 54.202(a)(5). Compare 47 C.F.R. § 54.202(a)(5) (2020) with 47 C.F.R. § 54.202(a)(5) (2007).

7. Granting this Joint Application furthers the goals and purposes of Section 254 of the Communications Act, in that access to the federal Universal Service Fund will ensure expanded access to voice and broadband service.

8. Granting this Joint Application allows the Joint Applicants to build out unserved areas, bringing the benefits of voice and high-speed broadband to citizens in those areas; therefore, granting this Joint Application is in the public interest.

IV. ORDERING PROVISIONS

IT IS THEREFORE ORDERED THAT:

1. The Commission adopts and approves the Stipulation executed between the Joint Applicants and ORS attached hereto as Order Exhibit A.

2. The Commission grants expedited review to allow the Joint Applicants to

meet the federal requirement to be designated as ETCs in the RDOF designated areas identified in Order Exhibit B not later than June 7, 2021.

3. The Joint Applicants' request for designation as ETCs is granted, as of the effective date of this Order and in the requested areas identified in Order Exhibit B, for the purpose of providing voice and broadband internet access services as requested in the Joint Application on the terms provided in the Stipulation.

4. The Joint Applicants shall abide by their commitment to provide service throughout the ETC-designated service areas to all customers making a reasonable request for service, including low-income customers.

5. The Joint Applicants shall make available to the Commission and ORS the reports they are required to file with the FCC in connection with the RDOF Phase I funding for the designated service areas. The Joint Applicants shall provide ORS with estimated timelines for the census blocks they propose to serve.

6. Except as provided in this Order, the Joint Applicants shall meet the reporting and certification requirements for ETCs as outlined by the federal requirements and Regulation 103-690.1, and file the annual reporting information with the Commission no later than June 30th of each year. A copy of this report shall also be provided by the Joint Applicants to ORS.

7. The Commission grants the Joint Applicants' request for a waiver of Regulation 103-690.C.(a)(1)(B) requiring them to file a two-year plan describing proposed improvements or upgrades to their network.

8. The Commission also grants a waiver of Regulation 103-690.C.(b) to the extent it would prohibit designation of the Joint Applicants as ETCs in an area smaller

than a wire center.

9. The Commission further grants waiver of the equal access requirement set out in Regulation 103-690.C.(a)(5).

10. The Joint Applicants shall provide voice and broadband services in conformity with 47 U.S.C.A. § 214(e)(2), 47 C.F.R. § 54.101 *et seq.*, and Regulation 103-690.1(E)(a) and all requirements of the RDOF program.

11. The Commission may deny the Joint Applicants' annual recertification as an ETC if the Commission finds that the Joint Applicants have not used the high-cost federal support provided to the Joint Applicants within the state only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

12. All provisions of the Chief Hearing Officer Directive Order No. 2021-70-H dated June 2, 2021 are incorporated and adopted herein as if restated verbatim. No provision of this Order shall prevent, or alleviate the responsibility for, the Joint Applicants from providing the Commission a copy of their modified RDOF awarded census block list under the Phase I auction for South Carolina, with copy to ORS, once the FCC issues said modified list to the Joint Applicants. The Joint Applicants' modified RDOF awarded census block list from the FCC shall then be public and available to the Commission to update its files to reflect the RDOF census blocks that constitute the ETC designated areas granted to the Joint Applicants in this Docket. See, Chief Hearing Officer Directive No. 2021-70-H, dated June 2, 2021.

Regs. 103-690.C.(a)(1)(B), the Commission's requirement for submitting a two-year plan that describes with specificity proposed improvements or upgrades to the applicant's network on a wire center-by-wire center basis, or on a cell site-by-cell site basis if the applicant is a wireless carrier, throughout its proposed ETC designated service area;

Whereas, the Joint Applicants seek a waiver of S.C. Code Ann. Regs 103-690.C.(a)(5), the Commission's requirement for an affidavit acknowledging that the FCC may require the Joint Applicants to provide equal access to long distance carriers in the event that no other eligible telecommunications carrier is providing equal access within the service area;

Whereas, one of these requirements is for the Joint Applicants to be designated as ETCs in each state that the Joint Applicants receive RDOF support in the funded areas by June 7, 2021;

Whereas, 47 C.F.R. § 54.101(a) defines voice telephony services eligible for universal service support as services that provide voice grade access to the public switched network or its functional equivalent; minutes of use for local service provided at no additional charge to end users; access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911, to the extent the local government in an eligible carrier's service area has implemented 911 or enhanced 911 systems; and toll limitation services to qualifying low-income consumers as provided in subpart E of this part;

Whereas, the FCC does not require the Joint Applicants to submit a five-year plan for proposed network improvements and upgrades and no longer requires ETCs to provide equal access;

Whereas, the FCC has adopted more specific measures to track deployment, including annual reporting of service to geocoded locations and certifications of compliance with benchmark milestones, and provided a "more defined yardstick by which to measure their progress towards the universal availability of voice and broadband service" in winning bidders' designated service areas;

Whereas, the Joint Applicants are required to maintain a functional network in emergency situations;³

Whereas, the Joint Applicants are required to commit to objective measures to protect consumers;

Whereas, the Joint Applicants are required to offer local usage plans comparable to the one offered by the incumbent in the service areas for which the Joint Applicants seek designation, in compliance with Commission Regulation 103-690.C.(a)(4);

Whereas, the FCC has undertaken a granular analysis, at the census block and location levels, which are smaller areas than the wire center level, to target funding to unserved areas and the Joint Applicants seek a waiver of Commission Regulation 103-690.C.(b) to the extent it would prohibit ETC designation in the RDOF Census Blocks;

WHEREFORE, in the spirit of compromise, the Parties hereby stipulate and agree to the following terms and conditions:

1. As ETCs in the RDOF Census Blocks, the Joint Applicants agree to provide voice and broadband service pursuant to Section 214(e)(1) of the Communications Act of 1934, as amended, and Section 54.201(d) of the rules of the FCC which require ETCs to, throughout their service areas for which designation is received, (1) offer the services supported by federal universal service support mechanisms, (2) either using their own facilities or a combination of their own facilities and resale of another carrier's services, and to (3) advertise the availability of such services and the charges using media of general distribution.⁴
2. As ETCs in the RDOF Census Blocks, the Joint Applicants agree that they must offer the service that is supported by universal support mechanisms, which is voice telephony

⁴ The RDOF-supported voice and broadband services in South Carolina are required to be offered in the RDOF Census Blocks after construction of Joint Applicants' underlying network facilities and such facilities are available for commercial use, but not later than as required by the FCC service milestones codified in 47 C.F.R. § 54.802(c). Joint Applicants will provide such voice and broadband services in the RDOF Census Blocks subject to the RDOF program rules, applicable Commission orders, rules and regulations, and other applicable laws, as well as Joint Applicants' own service terms and policies to the extent they do not conflict with state and federal laws, which may change in accordance with applicable law.

and broadband service as defined in Section 54.101 of the FCC's Rules, either through their own facilities or a combination of their own facilities and resale of another carrier's facilities in areas where they seek ETC designation.

3. As ETCs in the RDOF Census Blocks, the Joint Applicants agree to provide voice grade access to their customers through interconnection of the Joint Applicants' facilities and the public switched telephone network.
4. As ETCs in the RDOF Census Blocks, the Joint Applicants agree that they will offer federal Lifeline discounts to qualifying customers and comply with federal Lifeline requirements in fulfillment of the requirement that ETCs offer federal Lifeline discounts to qualifying customers and to offer toll limitation service at no charge to qualifying customers in the funded areas, unless the Lifeline service does not distinguish between toll and non-toll calls in the pricing of the service.
5. As ETCs in the RDOF Census Blocks, the Joint Applicants agree that voice telephony services must provide access to emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911, to the extent the local government in the ETC's designated service area has implemented 911 or enhanced 911 systems for their customers in remote and currently unserved portions of the RDOF Census Blocks for which the Joint Applicants seek ETC designations.
6. As ETCs in the RDOF Census Blocks, the Joint Applicants agree to provide ORS with the FCC's list of census blocks and the estimated cost to construct network facilities in the RDOF Census Blocks within seven days of receiving ETC designation. It is understood and acknowledged by both Parties that the list of RDOF Census Blocks may change.

7. As ETCs in the RDOF Census Blocks, the Joint Applicants agree to provide estimated timelines for deployment in each census block it proposes to serve.⁵
8. As ETCs in the RDOF Census Blocks, the Joint Applicants and/or their affiliates agree to offer a Lifeline Broadband service in each RDOF Census Block upon completion of construction and availability of the underlying network facilities in that census block.
9. As ETCs in the RDOF Census Blocks, the Joint Applicants will advertise in the RDOF Census Blocks, their service offerings supported by federal universal service support mechanisms in a manner that is designed to fully inform potential customers of the supported services available to them, to disclose all associated rates, and to ensure that qualifying low-income individuals are informed about the availability and cost of Lifeline service.
10. As ETCs in the RDOF Census Blocks, the Joint Applicants, pursuant to FCC regulations, must in the RDOF Census Blocks: (1) certify that they will comply with the service requirements applicable to the support that the Joint Applicants receive; (2) demonstrate their ability to remain functional in emergency situations; (3) demonstrate that they will satisfy consumer protection and service quality standards.
11. As ETCs in the RDOF Census Blocks, the Joint Applicants agree to report to the Commission on a quarterly or an annual basis the number of unfulfilled requests for service in the RDOF Census Blocks, as required by S.C. Code Regs. 103-690.1(b)(3). As ETCs in the RDOF Census Blocks, the Joint Applicants certify that they will comply with the service requirements applicable to the supported voice services that they will

be offering in the RDOF Census Blocks, including the requirements of the RDOF program.

12. As ETCs in the RDOF Census Blocks, the Joint Applicants commit to making available to the Commission and ORS all reports they are required to file with the FCC in connection with RDOF Phase I funding for the RDOF Census Blocks.
13. As ETCs in the RDOF Census Blocks, the Joint Applicants agree that their voice and broadband network in the RDOF Census Blocks (i) is designed to remain functional in emergency situations and that all switching facilities are equipped with independent power generators and sufficient fuel to operate for several days to mitigate commercial power outages, (ii) is able to reroute traffic around damaged facilities, (iii) is capable of managing traffic spikes resulting from emergency situations and (iv) complies with applicable FCC backup power requirements.⁶
14. As ETCs in the RDOF Census Blocks, the Joint Applicants certify that they will, in the RDOF Census Blocks, comply with applicable service quality standards and consumer protection rules, such as the Lifeline service standards set forth at 47 C.F.R. § 54.408, and the minimum broadband speed, data usage allowance, and accessibility to WIFI device requirements set forth therein.
15. As ETCs in the RDOF Census Blocks, the Joint Applicants agree to offer a voice local calling plan comparable to the calling plan offered by the incumbent local exchange carrier in the RDOF Census Blocks.

⁶ This requirement is fully met by compliance with the requirements of 47 C.F.R. §§ 54.202(a)(2) and 9.20 and Commission regulation 103-690.C.(a)(2).

16. As ETCs in the RDOF Census Blocks, the Joint Applicants agree that they will operate as common carriers in the RDOF Census Blocks and have the obligation of a common carrier for the provision of the supported services in such RDOF Census Blocks.
17. Subject to the provisions set forth herein and compliance with regulatory assessments such as the Dual Party Relay Fund, the South Carolina Universal Service Fund, and gross receipts, where applicable, ORS does not oppose the Joint Application of Charter Fiberlink SC-CCO, LLC and Time Warner Cable Information Services (South Carolina), LLC for designation as eligible telecommunications carriers.
18. As ETCs in the RDOF Census Blocks, the Joint Applicants will not "cream skim," that is, target low-cost portions of a rural incumbent LEC's service area in which uneconomically high levels of support are available.⁷
19. ORS is charged by law with the duty to represent the public interest of South Carolina. Pursuant to S.C. Code § 58-4-10(B) (Supp. 2018) 'public interest' means the concerns of the using and consuming public with respect to public utility services, regardless of the class of customer, and preservation of continued investment in and maintenance of utility facilities so as to provide reliable and high quality utility services.
20. ORS believes the Stipulation reached among the Parties serves the public interest as defined above. The Parties agree that this Stipulation is reasonable, is in the public interest, and is in accordance with law and regulatory policy.

⁷ The Joint Applicants will be in full compliance with this requirement if within the RDOF Census Blocks they provide services consistent with applicable FCC and Commission regulations, including RDOF program requirements that carriers must "offer the required voice and broadband service to all eligible home and businesses within the awarded areas." *Rural Digital Opportunity Fund, Report and Order*, 35 FCC Rcd 686 (2020) at ¶¶ 6, 12.

21. ORS agrees to support expedited review for the Joint Applicants as they have agreed to the terms and conditions of ETC designation. This Stipulation contains the complete agreement between the Parties regarding the Joint Application. There are no other terms or conditions to which the Parties have agreed.
22. The Parties agree to advocate that the Commission accept and approve this Stipulation in its entirety as a fair, reasonable and full resolution of all issues in the above-captioned proceeding and that the Commission take no action inconsistent with its adoption. The Parties further agree to cooperate in good faith with one another in recommending to the Commission that this Stipulation be accepted and approved by the Commission. The Parties agree to use reasonable efforts to defend and support any Commission order issued approving this Stipulation and the terms and conditions contained herein.
23. The Parties represent that the terms of this Stipulation are based upon full and accurate information known as of the date this Stipulation is executed. If, after execution, either Party is made aware of information that conflicts with, nullifies, or is otherwise materially different from that information upon which this Stipulation is based, either Party may withdraw from the Stipulation with written notice to the other Party.
24. The Parties agree that signing this Stipulation will not constrain, inhibit, impair or prejudice their arguments or positions held in other collateral proceedings, nor will it constitute a precedent or evidence of acceptable practice in future proceedings. If the Commission declines to approve the Stipulation in its entirety, then any Party desiring to do so may withdraw from the Stipulation in its entirety without penalty or obligation.

25. This Stipulation shall be interpreted according to South Carolina law.
26. The above terms and conditions fully represent the agreement of the Parties hereto.

Therefore, each Party acknowledges its consent and agreement to this Stipulation by affixing its signature or by authorizing counsel to affix his or her signature to this document where indicated below. Counsel's signature represents his or her representation that his or her client has authorized the execution of the agreement. Facsimile signatures and email signatures shall be as effective as original signatures to bind any party. This document may be signed in counterparts, with the original signature pages combined with the body of the document constituting an original and provable copy of this Stipulation. The Parties agree that in the event any Party should fail to indicate its consent to this Stipulation and the terms contained herein, then this Stipulation shall be null and void and will not be binding on any Party.
